

DocAve[™] Software Platform by AvePoint Named “Best of Tech Ed 2008 IT Pros Award” Winner

***Award presented by Windows IT Pro[®] and SQL Server Magazine[®] to recognize the industry's
best SharePoint solution***

JERSEY CITY, NJ, June 23, 2008 — AvePoint today announced that its DocAve Software Platform was named the winner of the “Best of Tech Ed 2008 IT Pro Award” in the SharePoint category by Penton Media’s *Windows IT Pro* and *SQL Server Magazine*.

The Best of Tech Ed Award recognizes companies who offer innovative products for the industry. The judges reviewed more than 223 products and services submitted for the contest and chose 29 finalists to be interviewed at the Tech Ed 2008 IT Pro Conference in Orlando, Fla. Winners were announced on June 12, at an evening reception, and are also posted on www.WindowsITPro.com/awards.

“Choosing from such a wide variety of outstanding entries is a challenge every year, and the quality of this year’s entries was particularly high,” said Karen Forster, group editorial and strategy director for *Windows IT Pro* and *SQL Server Magazine*. “The winners clearly reflect our judging criteria: innovation, strategic importance to the market, competitive advantage and exceptional value to customers.”

“We are honored to have won the 2008 Best of Tech Ed Award for SharePoint from *Windows IT Pro* and *SQL Server Magazine*”, said Dr. Tianyi Jiang, COO of AvePoint. “Our company is passionate about providing the industry’s most potent tools to protect and manage SharePoint deployments, and this award reaffirms our customer’s testimonials that we deliver the very best-of-breed solutions.”

DocAve is a comprehensive infrastructure management software solution for all Microsoft SharePoint Products and Technologies. With a flexible, fully-distributed modular architecture anchored by a unified, browser-based user interface, DocAve sets the standard for scalable, enterprise-strength SharePoint backup and recovery, administration, migration, replication, archiving and compliance.
