

## AvePoint Launches “Microsoft SharePoint Uncensored” Webcast Series Featuring Three Microsoft MVPs

**Exclusive webinars led by SharePoint MVPs discuss proven practices necessary for solving challenges organizations face most within SharePoint environments today**

Jersey City, NJ — August 1, 2011 — AvePoint, a proven leader in providing [lifecycle management software](#) solutions for Microsoft SharePoint, today announced a six-part webcast series entitled [“Microsoft SharePoint Uncensored: An Exclusive Webcast Series with AvePoint’s own Microsoft MVPs”](#) beginning at 11 a.m. EST on Tuesday, August 2. Each hour-long webcast will feature in-depth, informative discussions on SharePoint and related topics by AvePoint’s three Microsoft SharePoint Most Valuable Professionals (MVPs) – Chief SharePoint Evangelist Dan Holme, Enterprise Architect Jeremy Thake, and Enterprise Trainer & Evangelist Randy Williams.

“After ten years of complete dedication to SharePoint technologies at AvePoint, we believe there is currently a tremendous need to offer the global SharePoint community the knowledge and resources necessary to derive ultimate business value from their deployments,” said Dr. Tianyi (TJ) Jiang, Co-Chief Executive Officer of AvePoint. “‘SharePoint Uncensored’ will amplify our continued efforts to embrace the SharePoint community while enabling our three top-tier Microsoft MVPs to discuss their specific areas of expertise and passion, share proven strategies and best practices, express insight on the future of SharePoint and other Microsoft technologies, as well as directly engage the SharePoint community in a thought-provoking dialog without diluting the sessions with product pitches.”

Continuing through September 27, “SharePoint Uncensored” will cover various topics both timely and critical to SharePoint administrators and IT professionals, including:

- Application Lifecycle Management
- Change Management
- Global Collaboration
- Meeting Service Level Agreements (SLAs) for backup and recovery
- Microsoft Office 365 and SharePoint Online
- SQL storage management

The webcast schedule is as follows, with each webcast beginning at 11 a.m. EST:

- **August 2 – “Office 365, Does it Work in a Leap Year?”**
- **August 9 – “To BLOB or Not to BLOB? Storage Optimization Demystified”**
- **August 16 – “Without Boundaries: Building SharePoint for Real Global Collaboration”**
- **August 30 – “Application Lifecycle Management: A Cautionary Tale”**
- **September 13 – “The Truth Behind SharePoint Recovery and Availability: Meeting your SLAs”**
- **September 27 – “Automating and Provisioning Change Management”**
