

AvePoint and INOSOFT Forge Partnership to Offer Complete Solutions for Microsoft SharePoint throughout Germany

Partnership expands the delivery of SharePoint software solutions and consulting services for the burgeoning SharePoint community in Germany

Munich, Germany — November 3, 2010 — AvePoint, the world's largest provider of infrastructure management software solutions for Microsoft SharePoint Products and Technologies, today announced a partnership agreement with INOSOFT AG, a renowned IT solutions and services organization based in Germany. INOSOFT will serve as an AvePoint solutions partner, and both companies will work together to integrate their complementary product offerings and services for customers throughout Western Europe.

"We are very excited to partner with INOSOFT", said Ron Miles, AvePoint's Director of Sales for EMEA. "INOSOFT has extensive expertise in helping organizations in Germany more effectively steward the deployment of SharePoint Products and Technologies. As more companies deploy Microsoft's latest platform release, AvePoint offers the solutions necessary for successfully deploying, managing, protecting, and optimizing SharePoint Server 2010. This partnership now provides organizations with a dedicated partner possessing a deep understanding of SharePoint as well as AvePoint's solutions."

AvePoint's flagship product, the award-winning DocAve Software Platform, is a comprehensive infrastructure management and protection solution for SharePoint Products and Technologies. With a unified, browser-based user interface and a fully distributed architecture, DocAve offers more than 25 independently deployable modules for SharePoint data protection, administration, replication, migration, archiving, deployment management, reporting, storage optimization, and content lifecycle management.

INOSOFT is a premier IT solutions and services provider based in Germany. The organization specializes in helping enterprises as well as small-and-mid-sized businesses optimize business processes in the pursuit of continued growth and success. Founded in 1993 and possessing a team of knowledgeable project managers with extensive experience in successfully carrying out complex IT projects, INOSOFT handles business-process and IT-related questions as well as helping effectively apply technology solutions for enterprises.

"AvePoint's multiple award-winning DocAve Software Platform serves the need for fast and flexible real-time backup, disaster recovery, administration, reporting and migration solutions for SharePoint and offers a high value-add for our clients. The DocAve Software Platform ideally complements our portfolio, so that together we will enable our clients to be successful in an increasingly competitive business environment. We look forward to a prosperous partnership with AvePoint", said Thomas Winzer, Chief Executive Officer at INOSOFT.
