

## AvePoint Launches New German-Language Website and Opens Expanded Munich Offices

***The expansion highlights SharePoint's accelerating adoption throughout the EMEA region, and AvePoint's commitment to provide world-class infrastructure management software solutions to the German-speaking SharePoint community***

Munich, Germany — June 1, 2010 — AvePoint, the leading provider of infrastructure management software solutions for Microsoft SharePoint, today announced both the opening of an expanded office in Munich, Germany, and the launch of a new German-language AvePoint website. Both announcements serve as testaments to AvePoint's ongoing commitment to deliver its award-winning products and services to the German-language SharePoint community.

"We are extremely excited about expanding AvePoint's presence in Germany and surrounding areas", said Ron Miles, AvePoint's Director of EMEA Sales. "We have many deep and abiding relationships with customers throughout the region, and we believe that by establishing offices and a robust online presence in the German market, we will be able to better serve the country's dynamic and burgeoning SharePoint community."

### **Expanded Office to Serve as Sales and Support Resource for German Speaking Customers and Partners**

AvePoint's expanded Germany office houses professional inside sales, enterprise sales, and technical support staff tasked with exclusively serving Germany's burgeoning SharePoint community. Also delivering on AvePoint's commitment to nurture mutually beneficial professional relationships with complimentary vendors and professionals, the Germany office will serve as the company's country-specific Partner & Certified Re-seller Resource Center, where affiliates can receive training, collaborate in joint marketing initiatives, and assist in the development of future products and offerings. AvePoint's Germany office is located at Landsberger Street 302, 4th Floor, Munich 80687.

### **AvePoint's Germany-language Website Launches**

AvePoint's new German website – [www.avepoint.de](http://www.avepoint.de) – is dedicated to enhancing service for customers and partners throughout German-speaking geographies, and will serve as the online anchor for AvePoint's new office in Munich. The interactive website will deliver full functionality, with native online and phone support, locally denominated product pricing, and local events calendars.

"We are also honored to expand AvePoint's online presence into Germany", said Mr. Miles. "As SharePoint administrators throughout the region increasingly rely upon the DocAve Software Platform to manage, protect, and optimize their deployments, we are committed to build both our workforce and our online presence to meet their business-critical needs. This launch represents another step toward cementing AvePoint as the premier international brand when it comes to SharePoint infrastructure management solutions."
