

AvePoint's SharePoint MVPs to Lead Keynote Address and Sessions at SharePoint Saturday Honolulu

Dan Holme, Chief SharePoint Evangelist, and Randy Williams, Enterprise Trainer & Evangelist, will share best practices for SharePoint governance and infrastructure management at the community event

Jersey City, NJ — November 30, 2011 — AvePoint, a proven leader in governance and infrastructure management solutions for Microsoft SharePoint, today announced that Dan Holme, SharePoint MVP and AvePoint Chief SharePoint Evangelist, will headline the upcoming SharePoint Saturday Honolulu event with his keynote address, **SharePoint Governance: Beyond the Buzzword**, at 9:30 a.m. Hawaii Standard Time (HST) on Friday, December 2 in the Norman Loui Center at Honolulu Community College in Honolulu, HI. SharePoint MVP and AvePoint Enterprise Trainer and Evangelist Randy Williams will also present a session entitled **Developer and IT Pro: Living Together** at 11:30 a.m. HST.

A SharePoint MVP for the past five years who has published several best-selling books, Holme has more than 17 years of experience in the IT industry and is widely regarded as one of the world's most respected consultants, [authors](#), and experts on Microsoft technologies.

"SharePoint is a beautifully disruptive technology: It's no longer business-as-usual for users, for developers, for IT, or for the enterprise," said Holme. "SharePoint shines a spotlight on everything that's good and bad about your business processes, project management, change management, information management policies, and IT service delivery. I look forward to sharing lessons learned and common themes from thousands of IT professionals, managers, developers, end users and CIOs around the globe with the attendees at SharePoint Saturday Honolulu."

A SharePoint MVP for the past three years with more than 20 years of IT experience, Williams is an expert in architecting and developing Microsoft-based web and database solutions. As a Microsoft Certified Trainer since 1996, Williams has shared his knowledge and delivered training to thousands of students across the globe.

"Custom development is often a necessity in SharePoint, often involving developers and IT professionals while introducing potential for security, performance, and stability problems on the platform," said Williams. "Based on my experience helping organizations across the globe maximize SharePoint's business value, I will share proven methods of relieving friction and ensuring the best SharePoint experience for all parties."

Throughout the event, AvePoint will have a dedicated presence where attendees can chat with SharePoint experts and learn about the latest version of the company's award-winning DocAve Software Platform, [DocAve 6](#), the enterprise-class management platform for SharePoint governance.
