

## AvePoint and IOZ Partner to Offer Enterprise-Class Governance Solutions for Microsoft® SharePoint®

**New agreement expands the delivery of AvePoint's SharePoint governance and infrastructure management solutions as well as IOZ's services throughout Switzerland**

*Munich, Germany — January 12, 2012* — AvePoint, the leader in governance and infrastructure management solutions for Microsoft SharePoint, today announced a partnership agreement with IOZ, a leading technology solution and services provider based in Switzerland. IOZ will serve as a value-added reseller of AvePoint technologies, and both companies will work together to integrate their complementary product offerings and services for customers throughout Switzerland.

“The fast growing SharePoint community in Switzerland requires a solution that simplifies the deployment, monitoring, management, and enforcement of governance policies,” said Nathan Trenzinger, AvePoint Vice President of North America & EMEA Alliances. “The combination of AvePoint’s solutions and decade of dedication to SharePoint with IOZ’s software and services will enable even more businesses to maximize the business value of the platform.”

AvePoint's award-winning DocAve Software Platform is the enterprise-class management platform for SharePoint governance. With a unified, browser-based user interface and a fully distributed architecture, DocAve offers more than 30 independently deployable modules for SharePoint data protection, administration, replication, migration, archiving, deployment management, reporting, storage optimization, and content lifecycle management.

Switzerland-based IOZ, a Microsoft Gold Certified Portals and Collaboration Partner, offers comprehensive and customized solutions for SharePoint by working closely with customers’ to analyze their existing business processes and needs. Additionally, IOZ offers training, hosting, and prototype and test environments for clients’ SharePoint projects.

“We have been focused exclusively on SharePoint for the last several years, and in our many customer projects we have often relied upon third-party tools to optimally serve our customers,” said Josua Müller, CEO of IOZ. “Our partnership with AvePoint is an excellent way to continue helping our customers increase their return on investment with SharePoint.”

“SharePoint projects are organizational projects. The combination of AvePoint’s solutions and IOZ’s eight years of experience in the SharePoint sector brings immense benefits to our customers,” said Daniel Schnyder, Head of Project Management, IOZ. “We are convinced that this partnership will offer customers the maximum possible value for their SharePoint investment.”
