

AvePoint and ImageFast Partner to Offer Comprehensive SharePoint Lifecycle Management Solutions

New agreement expands the delivery of AvePoint's SharePoint infrastructure management solutions and ImageFast's services throughout the United Kingdom

London, UK — June 29, 2011 — AvePoint, a proven leader in providing lifecycle management software solutions for Microsoft SharePoint, today announced a partnership agreement with ImageFast, a leading consulting and technical services company based in London. ImageFast is now a value-added reseller of AvePoint technologies, and both companies will work together to integrate their complementary products and services for customers throughout the United Kingdom.

“Just like AvePoint, ImageFast has certified expertise in Microsoft technologies and a longstanding dedication to SharePoint,” said Nathan Trenzinger, AvePoint Vice President of North America & EMEA Alliances. “The powerful combination of AvePoint’s renowned software solutions and ImageFast’s reliable service will empower organisations throughout the country to reap the full benefits of SharePoint, whether they are in the earliest stages of implementation or thoroughly experienced and ready to take the platform to its next level of use.”

AvePoint's award-winning DocAve Software Platform is a comprehensive, fully integrated lifecycle management solution for organisations seeking to unleash SharePoint's full business potential. With a unified, browser-based user interface and a fully distributed architecture, DocAve offers more than 30 independently deployable modules for SharePoint data protection, administration, replication, migration, archiving, deployment management, reporting, storage optimisation, and content lifecycle management.

Founded in 1997, ImageFast has a proven track record of successful information management projects underpinned by a commitment to strong client relationships and is the recipient of multiple accolades for its technologies and services. As a Microsoft Gold Partner, ImageFast has a dedicated SharePoint practice boasting highly experienced consultants for end-to-end management of SharePoint projects. ImageFast helps organisations capitalise on SharePoint investments in order to derive the maximum business value possible from the platform.

“Partnering with internationally acclaimed technology leaders like AvePoint is one of the hallmarks of ImageFast’s success,” said Darren Edwards, ImageFast Managing Director. “AvePoint’s respectable position within the global SharePoint community and DocAve’s broad array of tools will enhance ImageFast’s ability to build and implement successful, scalable solutions for our clients, and consequently maximise return on technology investments.”
