

## AvePoint's SharePoint Experts to Lead Four Sessions at "SharePoint Saturday: The Conference" in Washington, D.C.

**AvePoint Co-CEO Dr. Tianyi (TJ) Jiang and SharePoint MVP Jeremy Thake to share proven practices and key strategies for SharePoint development, governance, management, and data storage**

Jersey City, NJ — August 8, 2011 — AvePoint, a proven leader in providing [lifecycle management software](#) solutions for Microsoft SharePoint, today announced that company experts will lead four sessions sharing proven practices for SharePoint management, development, and storage as part of its Gold Sponsorship of [SharePoint Saturday: The Conference](#) (SPSTC) from August 11 through 13 in Washington, D.C.

AvePoint Co-CEO [Dr. Tianyi \(TJ\) Jiang](#) will lead an Executive Session at 1:45 p.m. EST on Thursday, August 11 examining how to manage exponential data growth in SharePoint, entitled: [Big Data Reality: Fueling SharePoint Growth Worldwide](#). Dr. Jiang will share his experiences speaking with enterprises worldwide looking to manage the rampant data sprawl prevalent in their SharePoint environments today.

[Jeremy Thake](#), SharePoint MVP and AvePoint Enterprise Architect, will lead three sessions at SPSTC:

- **Deep Dive into Feature Versioning for SharePoint 2010**  
Thake will examine how to utilize the new Feature Versioning capability in SharePoint 2010, including best approaches and strategies for using this in application development lifecycles.
- **How We Built NothingButSharePoint.com on SharePoint 2010**  
In this presentation, Thake will explain how the popular community site, [www.nothingbutsharepoint.com](http://www.nothingbutsharepoint.com), was created using the Publishing Web Content Management features in SharePoint 2010, as well as background on how he helped extend SharePoint's native functionality to meet the website's specific needs.
- **Enforcing Governance with SharePoint 2010**  
This session will discuss proven practices and vital considerations for enforcing governance policies by building processes using SharePoint 2010.

In addition to leading sessions at SPSTC, AvePoint will also have a dedicated booth, #103, where attendees can receive more information on the DocAve Software Platform, a comprehensive, fully integrated lifecycle management solution for SharePoint that offers more than 30 independently deployable modules for SharePoint data protection, administration, replication, migration, archiving, deployment management, reporting, storage optimization, and content lifecycle management.

"AvePoint has long been a strong sponsor and supporter of SharePoint Saturday events worldwide, and we are confident this event will continue to offer the SharePoint community the knowledge necessary to fully utilize SharePoint to meet its specific business needs," Dr. Jiang said.

SPSTC is a community-focused, educational event filled with sessions from respected SharePoint professionals and executives covering a wide range of technical and business topics. For more information, please visit <http://www.spstc.org>.
